

WIA Frequently Asked Questions

Questions faculty may have about WIA and Supportive Services:

- **How much class time is required?**
 - If a workshop is delivered along with discussing supportive services, the class period would be needed.
 - If we only discuss supportive services, 15-20 minutes is needed.
- **What if I have a student who finds employment before their last semester?**
 - In this case, this student will need to meet with a CREW Counselor before the start of their employment to determine eligibility.
- **Once a student completes the paperwork to receive supportive services, is there a deadline for employment?**
 - The goal of WIA is to obtain employment within a reasonable amount of time after providing services. Therefore, a student should have employment within 30-45 days upon enrollment into the program.
- **What if a student has trouble finding employment after graduation?**
 - The student should communicate this with the CREW Counselor through the monthly contact that is required. The counselor will work with the student to find strategies to improve his/her marketability.
- **What information is needed from students to complete the paperwork?**
 - A valid, up-to-date driver's license and signed social security card.
- **What is required of the faculty member?**
 - Providing information on what is needed for employment in your specific field of study, meeting with a CREW staff member to develop a plan of action, and providing class time to present the information to the students.
