

STUDENT INFORMATION FOR THE DISCOVER CAREER ASSESSMENT

The DISCOVER Career Assessment is an online assessment created and updated annually by ACT. This assessment, which requires a **user id**, is comprised of three inventories—interests, abilities, and values—that students complete to assist them in clarifying their academic and career goals. When students complete the DISCOVER assessment, they can continually access the website, with their user id, to research occupations.

STEPS TO COMPLETING THE MODULES

Step 1: OBTAIN YOUR USER ID

1. You must have a user id to complete DISCOVER. Your instructor will provide you with this id. Please keep your id and password information in a safe spot. **The CREW Center cannot provide this information to you.**

Step 2: COMPLETE THE MODULES

1. Go to the CREW website, www.crew.cc
2. Select the student tab
3. You will see an icon for each module you are to complete.
4. You **DO NOT** have to complete all modules at one time. However, each individual module must be completed entirely to move on to the next module. *Allow yourself adequate time to complete the modules.*
5. If you are assigned the modules for homework, you can complete them from home or at the JCTC library.
 - **Library:** If you complete the modules in the library, you will need to check out headphones.
 - **Home:** If you complete the modules from home, then you will need the following: (*Minimum screen resolution of 800 x 600, a modern web browser (Internet Explorer 6 or 7, Firefox, Safari 3, Opera) Adobe Flash Plug-in, Adobe Acrobat Plug-in, (both of which will be available for free download) speakers, and a printer*).
6. Note: you will be able to view or print log-on instructions for DISCOVER. This document will be available as a Microsoft Word documents on the student tab.
7. Upon finishing the last module, you will complete a short survey.

Step 3: NEXT STEPS (after all modules completed)
